

SHIRAZ

WINE OF ORIGIN SWARTLAND

ABOUT THIS WINE

Riebeek Cellars Collection Shiraz demonstrates why

the Riebeek Valley is often referred to as 'Shiraz Country'.

Our Shiraz offers rich layered fruit complexity

And velvety tannins that is attributed to the exceptional soils & climatic conditions in the Swartland.

VINIFICATION WINEMAKER'S NOTE

To ensure our Shiraz has enough time for the fruit and other flavour components to integrate with the tannins, we ensure extended time in French oak barrels. We believe the natural fruit in the wine should not be masked by overt oak flavour which is why we use only 2nd & 3rd fill French oak barrels. We bottle enough volume to allow the wine to further mature in the bottle before releasing into the market.

TASTING NOTE

Rich black fruit, layered with spice on a smooth, lingering finish.
